## AUP Policy for Staff and Volunteers

### Trust Policy

New technologies have become integral to the lives of children and young people in today's society, both within schools / academies and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe access to the internet and digital technologies at all times.

### This Acceptable Use Policy is intended to ensure:

- that staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that Trust systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that staff are protected from potential risk in their use of technology in their everyday work.
- the safe use of social media by the Trust its staff, parents, carers and children.

The school will try to ensure that staff and volunteers will have good access to digital technology to enhance their work, to enhance learning opportunities for *students / pupils* learning and will, in return, expect staff and volunteers to agree to be responsible users.

### Acceptable Use Policy Agreement

*I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users. I recognise the value of the use of digital technology for enhancing learning and will ensure that students / pupils receive opportunities to gain from the use of digital technology. I will, where possible, educate the young people in my care in the safe use of digital technology and embed online safety in my work with young people.*

#### For my professional and personal safety:

- I understand that the Trust will monitor my use of the school digital technology and communications systems.

I understand that the rules set out in this agreement also apply to use of these technologies (e.g. laptops, email, VLE etc.) out of school, and to the transfer of personal data (digital or paper based) out of school.

- I understand that the school digital technology systems are primarily intended for educational use and that I will only use the systems for personal or recreational use within the policies and rules set down by the Trust.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will immediately report any illegal, inappropriate or harmful material or incident, I become aware of, to the appropriate person.

### **I will be professional in my communications and actions when using Trust ICT systems:**

- I will not access, copy, remove or otherwise alter any other user's files, without their express permission.
- Images of pupils and/or staff will only be taken, stored and used for professional purposes in line with Trust policies and with written consent from the parent, carer or staff member. Images will not be distributed outside of the school network without the permission of the parent/carers or member of staff.
- I will not give out my personal email address or mobile number to any pupils.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will ensure that when I take and / or publish images of others I will do so with their permission and in accordance with the school's policy on the use of digital / video images. I will not use my personal equipment to record these images, unless I have permission to do so. Where these images are published (eg on the school website / VLE) it will not be possible to identify by name, or other personal information, those who are featured.
- I will only use social networking sites in school in accordance with the Trust's policies.
- I will only communicate with students / pupils and parents / carers using official school systems. Any such communication will be professional in tone and manner.
- I will not engage in any on-line activity that may compromise my professional responsibilities.

### **The Trust has the responsibility to provide safe and secure access to technologies and ensure the smooth running of the academies:**

When I use my mobile devices (laptops / tablets / mobile phones) in school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. I will also follow any additional rules set by the Trust about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses.

- I will not use personal email addresses on the school ICT systems.

- I will not open any hyperlinks in emails or any attachments to emails, unless the source is known and trusted, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will ensure that my data is regularly backed up, in accordance with relevant Trust policies.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others. I will not try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not use USB sticks or any external storage devices when in school or in conjunction with my school device.
- I will not install or attempt to install programmes of any type on a machine, or store programmes on a computer, nor will I try to alter computer settings, unless this is allowed in Trust policies.
- I will not allow my network user account and password to be used by anyone other than myself, unless required by the Perry Hall Multi Academy Trust.
- I will not disable or cause any damage to school equipment, or the equipment belonging to others.
- I will only transport, hold, disclose or share personal information about myself or others, as outlined in the Academy Data Protection Policy (or any other relevant policy). Where digital personal data is transferred outside the secure local network, it must be encrypted. Paper based Protected and Restricted data must be held in lockable storage.
- I understand that the data protection policy requires that any staff or student / pupil data to which I have access, will be kept private and confidential, except when it is deemed necessary that I am required by law or by Trust policy to disclose such information to an appropriate authority.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.

### **When using the internet in my professional capacity or for school sanctioned personal use:**

- I will ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download or distribute copies (including music and videos).

## **I understand that I am responsible for my actions in and out of the school**

- I understand that this Acceptable Use Policy applies not only to my work and use of Trust digital technology equipment in school, but also applies to my use of Trust systems and equipment off the premises and my use of personal equipment on the premises or in situations related to my employment by the Trust.
- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I could be subject to disciplinary action. This could include a warning, a suspension, referral to Governors / Trustees and in the event of illegal activities the involvement of the police.

## **Social Media**

*As an employee you must:*

- not disclose personal details or identify your geographical location (by disabling access to your geo location to other users), including the publication of photographs where consent has not been given or where it can be reasonably assumed that consent would not be given
- choose online 'friends' carefully – this must NOT include pupils or recent pupils. Remember you cannot guarantee privacy. If you are a teacher in a school and a 'friend' with parents, you must not discuss anything relating to the business of the school and ensure that confidentiality is maintained at all times
- ensure that privacy settings remain unchanged

- ensure that if you identify yourself as a school employee your profile and related content is consistent with how you wish to present yourself with colleagues, learners and their parents/carers.
- not subject your manager or other colleagues to any use of inappropriate or unwanted political or personal reference either in writing, videos, photographs, text messaging, posting blogs, or email that reveal some form of work related behaviour (known as Cyber bullying - to support deliberate and hostile attempts to hurt, upset or embarrass another person). In a case of Cyber bullying, Head should refer to the Anti-bullying and Harassment Policy for Local conditions of service for School based employees (teaching and non-teaching) in schools.
- not compromise the school/employer and/or colleagues by making adverse, damaging or libellous comments, using social media to express views (negative or positive) with which the School would not wish to be connected, which are prejudicial to the best interests of the school and its employees.

- be careful if using social networking sites to screen employees as you may run the risk of discriminating against candidates
- anyone who identifies themselves as school employees will be required to use a disclaimer on any blogs, for example, stating that “all views are my own and do not necessarily reflect the official position of my employer”
- not upload, post, forward or post a link to any abusive, obscene, discriminatory, harassing, derogatory or defamatory content
- never discuss the school, pupils or parents/carers on social media
- be aware of discussing topics that may be inflammatory

Employees found to be in breach of the Academy Social Media policy may be subject to disciplinary action, in accordance with the Local Agreement Disciplinary Procedure for teaching and non-teaching staff in schools, with possible sanctions up to and including dismissal.

Information shared through social media sites, even on private spaces, is subject to copyright, data.

**Managing your personal use of Social Media:**

- Check your settings regularly and test your privacy
- Keep an eye on your digital footprint
- Keep your personal information private
- Regularly review your connections – keep them to those you want to be connected to
- When posting online consider; Scale, Audience and Permanency of what you post
- If you want to criticise, do it politely.
- Take control of your images – do you want to be tagged in an image? What would children or parents say about you if they could see your images?
- Know how to report a problem

I have read and understand the above and agree to use the school digital technology systems (both in and out of school) and my own devices (in school and when carrying out communications related to the school) within these guidelines.
